

The International Lesbian, Gay, Bisexual, Trans and Intersex Association – ILGA World and the International Service for Human Rights (ISHR) have compiled a series of factsheets highlighting the work that UN special procedures – independent human rights experts, appointed to monitor and report on human rights violations – have undertaken to defend the human rights of lesbian, gay, bisexual, trans and intersex (LGBTI) persons. The factsheets compile the references and recommendations made by these experts to LGBTI persons, sexual orientation, gender identity, gender expression, and sex characteristics (SOGIESC). They cover all thematic reports, country visit reports, and communications published between January 2011 and December 2021.
